

Standards and Quality Reporting Session 21/22

What we did:

- New ICT resources embedded in classes as part of learning for individual pupils and small groups
- Introduced new Facebook group for parents & carers.
- Following the successful installation of permanent fencing all classes have an outdoor area which is exclusively for their use.
- Staff offered trauma awareness training through our Play Therapist.
- The With Kids Play Therapist has worked to support over 10 families.
- Language and Communication, Numeracy Awareness and Health and Wellbeing planners created to support planning for Social Partners.

Outcomes:

- New Promethean ActivPanel boards in place in all classes and new ICT resources being used across the school.
- Prospect Bank private Facebook group created and regular posts shared with members.
- Playground spaces have been transformed so that children can engage in predictable and desirable learning activities.
- Trauma training completed by 20 staff teachers and support staff. Increased knowledge of how to support children who have experienced trauma.
- We can see the positive impact on each child who has accessed this very personalised support from With Kids Play Therapy. Families have also consistently reported on this positive impact at home.

School Renewal Planning Session 22/23

Percentage of SCERTS Targets Achieved by Whole School for session 21/22

Social Communication Targets :

Target	Achieved	Not Achieved	On Track
Joint Attention	76%	4%	20%
Symbol Use	76%	4%	20%
